Optional: A Flash-Drive (Memory Stick, Thumb Drive, etc.) is very helpful. Therefore, we appreciate if your child can have one.

Your child's individual teacher may ask for additional supplies as needed during the school year.

Please Note:

- Due to space restrictions, please do not purchase trapper keepers as 3 ring binders
- Your child will not need a "rolling" backpack. They should not have an amount of homework that warrants "luggage". Rolling backpacks can be a safety issue. They take up extra bus seats, trip people in the hallway, won't hang on a coat rack and are under foot in the classrooms. They also cause our students to walk with a twist and provide one more place to hide those items that shouldn't be at school.
- Students should not wear "freaky" shoes per the district code of conduct.
